HARDIGG'S MOBILE OFFICE INTRODUCES THE NEW DOUBLE DUTY FIELD DESK

SOUTH DEERFIELD, MA (March 2, 2006) Hardigg Cases, a leader in developing custom solutions for the transport and packaging needs of the U.S. Government and Military, are proud to introduce another innovative solution for the problem of not enough administrative space during a field operation – the new Hardigg Mobile Office Double Duty Field Desk.

The Double Duty Field Desk provides for two individual's work space and a six-drawer desk. The six-drawer desk handles all letter size paper in two drawers with another two drawers specifically designed for Pendaflex folders, and two drawers with padlocks for extra security. The Double Duty Field Desk quickly and easily folds into one durable shipping container with two heavy duty wheels. To make the Double Duty Field Desk a complete field operation office, Hardigg includes two sturdy field chairs and power plugs.

Available in tan, olive drab or gray. The Hardigg Mobile Office Double Duty Field Desk is made in the U.S.A. and is offered under GSA contract GS-15F-0019M. For more information on the Double Duty Field Desk or any of the Hardigg Mobile Office solutions, visit www.militarycases.com or call 413-665-2163.
